

A COVID SECURE
RESTAURANT

A NOTE FROM NISHA

My dear Mowglites,

At the start of this, a huge worry for me was stopping the spread of Covid-19 by keeping you, our teams, and our families safe. It is for this reason that we closed Mowgli before the government told us to and we have continued to do what is right for as long as needed. Our aim was to be able to open when the time is right & we have been working tirelessly to create a safe place in which to feed you.

After months of lying dormant, mothballed, and asleep, we are making plans for Mowgli to unfurl slowly.

We cannot thank you enough for your incredible support during this time. In preparing for our re-emergence we will naturally be adopting a new way of working which we would like to share with you and ask that you also respect our measures in place. Below are the steps we are taking to ensure our restaurants are safe for you, your families, and our teams.

These measures follow the most recent government information and advice & also expand on our existing company policies.

Any physical distances will be filled with the boundless spirit and enthusiasms of your Mowgli teams.

*Thank you once again for your incredible support.
We look forward to seeing you all soon.*

Nisha Katona, Founder/CEO, MBE

ENSURING A COVID SECURE WORKPLACE

The safety of our teams and our guests is paramount; therefore, we have implemented the below measures to ensure we are operating safely and in line with government and scientific guidelines.

We have carried out internal risk assessments to ensure our restaurants are Covid secure. Our external food safety provider will be conducting audits to ensure we are Covid secure before & during operation.

IN OUR RESTAURANTS

FACE COVERINGS

- Face Coverings must be worn by both guests and team members. These can be removed once sat at your table.

OUR TEAMS

- Health questionnaires are completed daily – anyone showing symptoms or who has been contacted by Test and Trace will be asked to isolate for the government-advised period of time.

- We work in team bubbles where possible to minimise crossover whilst on shift.

BOOKINGS

- The maximum party size we can accommodate in any of our restaurants is 6 people.

- We close at 10pm, with our last booking at 9pm.

- One member of your party must provide us with their contact details. This can be provided with your booking or given to our Host when you arrive.

RESTAURANT HYGIENE

- We have a stringent hand washing policy and sanitiser stations available for our guests and our teams.
- Our restaurants are cleaner than ever with additional cleaning measures in the kitchen and restaurant.
- Risk assessments have been carried out by our external food safety provider and are reviewed every 2 weeks.

DISTANCING

- 1m+ distancing is in place.
- Reduced contact time between server and guests – you can pay by contactless or using the Mowgli Street Food app.
- We have staggered booking times to allow a diligent cleaning & sanitising period before the next sitting.

THANK YOU

MOWGLI
